

Vanpool Testimonials

“Before joining Vanpool, I was travelling more than 4 hours every single day. I am thankful and grateful for UTA’s RideShare service.” - **Mekdes H., Zions Bank**

“I love our Vanpool-RideShare experience. All our participants have gotten close and enjoy each other’s company. When I get to work in the morning I am calm, refreshed and not all stressed out from the morning commute.” - **Randy H., Zions Bank**

“The vanpool is great because it allowed me to meet coworkers that I wouldn’t normally interact with, and saved me time. I typically work while I commute and it frees up more time at home. As an added perk, Adobe pays for its employees to use the vanpool, so it saves me money as well. I love that I can reduce my environmental impact and meet new people.” - **Jeremy M., Adobe**

“The benefits of the UTA RideShare for our employees is invaluable. We draw employees from all across the Northern Utah area so having a low cost and non-stress commute option like RideShare is a benefit we are happy to offer and coordinate for our employees.” - **Triumph Gear Systems, Park City**

“Thank you UTA! We love riding with you and offering our employees an affordable commuter option!”
-**Traeger Wood Fired Grills, Salt Lake City**
